

# THE FIRST NATIONS LABOUR AND EMPLOYMENT DEVELOPMENT (FNLED) SURVEY

**FNIGC | CGIPN**

First Nations Information Governance Centre  
Le Centre de gouvernance de l'information des Premières Nations

The purpose of the FNLED survey is to capture labour market information (LMI) and factors associated with employment in First Nations communities across Canada at a national level.

The goal is to gain powerful knowledge on employment and labour conditions that exist for First Nations and move toward an evidence-based approach to informing policy, funding decisions and empowering real change.
