Department: Fort William First Nation CEO
Subject: Electronic Voting

Date Prepared: July 28th, 2021
Prepared by: Christina Thiessen
Executive Assistant - Office of the CEO

NOTICE TO COMMUNITY- Electronic Voting

Our Chief and Council have approved our voting system to move toward electronic voting for upcoming vote requirements. With this direction, Fort William First Nation will be working with OneFeather (onefeather.ca) to set up online electronic voting and community engagement solutions. The upcoming votes to use OneFeather technology will be:

- FWFN Specific Claims Housing Trust - Youth Trust Payments
- FWFN Lands Code

This will allow more accessibility for band members to participate in our governance and will represent our First Nation moving toward with modern technology. Band members will be required to create a OneFeather profile following the steps below. Setting up your profile is easy, safe and your personal data is secure and protected. It will only take a few minutes to complete this process. Other traditional paper voting solutions will remain in place for those members who do not have access to smart Edevice technology (phone, tablet or computer) and who may not have a personal email address.

OneFeather has set up a quick engagement event to get you started and activate your profile. You will require a personal email address, your status card number and date of birth. Click the RED button at the link below. Click the RED button - you will be guided through the activation process – it should only take a minute or two.
