Department: Fort William First Nation CEO
Subject: COVID-19 Community Update

Date Prepared: March 10, 2022
Prepared by: Christina Thiessen
Executive Assistant - Office of the CEO

NOTICE TO COMMUNITY- Update on COVID-19 from Emergency Response Group

As of Friday January 21, 2022- Thunder Bay District Health Unit (TBDHU) has changed their approach to reporting. The updates will be available at www.tbdhu.com/coviddata. As of March 9, 2022 the TBDHU is reporting 173 Active Lab-Confirmed Cases. NOTE: As of December 31, 2021, testing for COVID-19 has been limited to the most vulnerable and individuals associated with the highest risk settings. This means that confirmed cases will significantly underestimate the true number of people with COVID-19 in the TBDHU region.

The Fort William First Nation (FWFN) Emergency Response Group strongly recommends anyone who tests positive for COVID 19 to report to the FWFN COVID 19 hotline at 698-0415 (MON-FRI, 9:00am-4:00pm) or after hours please use the FWFN on-call service 472-7701. If anyone is experiencing difficulty with breathing, severe chest pain, feeling confused or unsure of where you are or losing consciousness, call 911 immediately and go directly to the hospital.

The FWFN Emergency Response Group strongly recommend those who are eligible to get vaccinated and to get the booster dose. COVID-19 Vaccination Appointments are available by contacting the FWFN Health Center at 622-8802. Also, Individuals age 18 and older can now schedule their booster dose appointment through the Ontario booking portal or by calling the Provincial Vaccine Contact Centre at 1-833-943-3900.

Screen for COVID-19 before going to any public place- Your result will tell you if you should go today and what to do next.

- School and child care screening- Students, teachers and school staff must answer the school and child care screening questions before leaving for school or child care
- Customer screening- Customers and visitors may be asked to answer customer screening questions before entering a business or a public place
- Work and employee screening- you must answer the worker and employee screening questions before going to work each day
- Courthouse screening- answer the courthouse screening questions before you enter an Ontario courthouse

With key public health and health system indicators continuing to improve, Ontario is cautiously and gradually easing public health and workplace safety measures. The following changes to public health and workplace safety measures are in effect as of March 1, 2022.

- Capacity limits have been lifted in all indoor public settings
- Proof of vaccination requirements have been lifted
 - Business and organizations may choose to require proof of vaccination upon entry
- Masks continue to be required under provincial regulations, subject to the same exemptions as in previous steps of reopening.
 - Masks must continue to be worn in the indoor area of a business or organization and in any vehicle that is operating as part of a business or organization
- Businesses and organizations that are open must continue to have safety plans in place

The Fort William First Nation community continues to follow local and provincial guidance to limit the spread of COVID-19 in the FWFN Community.

Please continue to stay safe. We are all in this together as a community and we will get through this as a community.
