**Department:** Office of the CEO

**Date Prepared:** May 6<sup>th</sup>, 2022

**Subject:** FWFN Offices Open to the Public

**Prepared by:** Michael D. Pelletier, CEO

Good day Fort William First Nation Members,

With Covid-19 restrictions easing across the Province and Country, Fort William First Nation is happy to announce that the administration offices will be open to the public once again.

As of Monday May 9<sup>th</sup>, 2022, the offices are open for in-person business.

Some important changes to mention are that the Lands & Properties Department, Economic Development, Administration (which includes Membership, Governance, Human Resources, Community Consultation and Communications) have moved Suite 200, 100 Little Lake Rd office.

Programming has also shifted to in-person as of April 4, 2022, so keep an eye out for special events happening in and around the community.

We look forward to serving you in person once again.

Thank you for your patience and support throughout the past 2+ years.

Sincerely,

**Michael D. Pelletier**  
**Chief Executive Officer**

## **IMPORTANT INFORMATION FOR PHARMACY PROVIDERS**

### **Non-Insured Health Benefits Program: Coverage of Alternatives to Similac Alimentum Infant Formula**

Due to the temporary closure of a large manufacturing plant in the United States, there is currently a shortage of Similac Alimentum infant formula in Canada. Listed alternatives include **Nutramigen**, **Neocate**, **Pregestimil**, and **Puramino** infant formulas. To access these alternatives, pharmacy providers must call the NIHB Drug Exception Centre at 1-800-580-0950.

The Non Insured Health Benefits (NIHB) program provides coverage of multiple types of infant formula for medical reasons for infants up to one year of gestational age. Eligible products and criteria can be found in the Drug Benefit List located on the Express Scripts Canada NIHB Provider and Client Website at [nihb-ssna.express-scripts.ca/en > provider > pharmacy > drug benefit list](https://nihb-ssna.express-scripts.ca/en/provider/pharmacy/drug-benefit-list).

## Increase in Drug Activity In the community of FWFN

We are experiencing increased concern and anonymous complaints from our community in regards to the amount of drug trafficking and activity on our first nations. Members are tired of the amount of crime, overdoses and traffic that are believed to be associated with the drug trafficking that is taking place in our community. Be part of the solution, if you see suspicious activity call the number provided.

The Thunder Bay Police Service has formally launched a new program that aims to give residents the tools and information that they need to help police in ongoing investigations into the drug trade.

Police say drug trafficking targets some of the most vulnerable in the community, leading to increased violent crime and creating serious safety risks in and around the neighbourhoods in which they operate.

If you are suspecting of drug activity and trafficking taking place in your community you can contact the Thunder Bay police service and submit anonymously information to the non-emergency line at (807)684-1200, or you can submit tips through Crime Stoppers at 1-800-222-8477, or online at [www.p3tips.com](http://www.p3tips.com)

## NITAZENES

### What Are Nitazenes?

- > Nitazenes are potent synthetic opioids from a drug class known as benzimidazole-opioids
- > some nitazenes are estimated to be several times more potent than fentanyl
- > They were developed 60 years ago as potential pain relief medication, but were never approved for clinical use.
- > They were first identified in the unregulated drug supply in Canada in 2019
- > They typically appear unexpectedly in drugs expected to contain other, more traditional opioids (e.g. fentanyl, oxycodone tablets or “down “often alongside non-medical benzodiazepines (NMBs)

### Why They Are a Concern?

- The presence of nitazenes in the unregulated drug supply is rising. The frequency with which they are detected is increasing, but there is also an increasing number of nitazene analogs.
- They tend to be used unintentionally and in unknown quantities because the contents of drugs from the unregulated supply are unpredictable.
- Nitazenes can increase the risk of accidental overdose, especially when combined with other substances that suppress breathing and heart rate such as other opioids or benzodiazepines.

- Overdoses involving nitazenes may be difficult to reverse, potentially requiring additional doses of naloxone, but protocols around this are not yet clear.
- Fentanyl test strips cannot detect nitazenes, and detection of nitazenes by point-of-service drug checking requires sensitive equipment that is not always available.
- Nitazenes are not routinely tested for in post-mortem or urine toxicology, so their relationship to health risks and overdose deaths is difficult to monitor.

**If you or someone you know is experiencing a overdose please call 911**

**If available, administer Naloxone and wait for help to arrive**

# Fort William First Nation Artists Call-Out

Lesley Wong Interiors is looking for Art Prints by Fort William First Nations artists to be used in the decor of a new boutique-style hotel coming to the Waterfront District. The Property is undergoing renovations and will reopen as an Aiden Best Western. The hotel is designed to represent the distinct characteristics of the community it serves. We are thrilled to incorporate local art and look forward to connecting with those who are interested in this opportunity.

## Walk with Doc is Back!

For 19 years, Northern Hearts, a local non-profit organization has been organizing a "Walk with Doc" program during the month of June to encourage healthy and active lifestyles for participants. Walkers are invited to attend for an opportunity to enjoy a social walk with local doctors to discuss their health and get some exercise.

- The Walk with Doc program will run throughout the **month of June (6-30<sup>th</sup>)**.
- **Monday to Thursday, 7-8:30pm @ Marina Park** (Celebration Circle – see map)
- It will include all of the elements that make the Walk with Doc program a success, such as physician participation, daily walks, and chances to win a weekly prize!
- Please come out and enjoy some social walking with physicians, local organizations, and other community members. Registration is not required.

It is important to note that COVID-19 is still very present in the community and to make this event as safe as possible, **we ask that you self-screen when you come to the event and wear your mask when gathered together before the Walk begins**. For those uncomfortable with participating in an in-person event, or cannot make the Walk evenings, a virtual walk, similar to previous years will take place over virtual platforms (Facebook and Email) where participants can comment and post pictures featuring the walk they went on.

**Northern Hearts mission** is to provide the public with educational resources and heart healthy programs to reduce the impact of heart disease in NWO. It is with hope that the Walk with Doc program will encourage active participation and spread awareness of the physical and emotional benefits of exercise.

Please contact **Kayla Waddington, Program Coordinator** if you have any questions, at [kcwaddin@lakeheadu.ca](mailto:kcwaddin@lakeheadu.ca) or 807-630-3117

# VOLUNTEERS NEEDED

**RENEWED CALL** *This is a renewed call. COVID ER response put a temporary hold on our activity. If you volunteered previously, please reaffirm participation via email.*

FWFN is looking for community members, both on and off reserve to volunteer their time and voice on our Comprehensive Community Planning Advisory Committee. We are looking for Elders, Youth/Children, Women and Leadership to get involved. We are in the pre-planning phase of a monumental project that will establish a clear vision for our future and implementation of actions and projects to achieve this vision.

**INTERESTED?** Send email to address above  
for more information.
