MEMORANDUM

From the Office of the Chief

Subject: Distribution Update

Dear Members,

On behalf of Chief and Council, I am writing to inform you that the upload to member **accounts has taken place a short while ago.**

We had intended that the upload process would have been completed sooner but due to complications arising in the process, it was delayed to today. Some people will start receiving the money within hours such as those with the large financial institution, but as previously mentioned, others will take longer.

I do apologize and we do understand that people are eagerly awaiting these payments. Thank you for your understanding.

Miigwetch,

Chief Michele Solomon
